

K-4 Content Area	Standard	Guides to Standard	Reflect	Discover	Imagine	Create	Share	Alignment to IM Student Project Outcomes:
History and Nature of Science	Science as a human endeavor	Science and technology have been practiced by people for a long time.		x				Attitude OM 2.4.9
		Men and women have made a variety of contributions throughout the history of science and technology.		x				
		Although men and women using scientific inquiry have learned much about the objects, events, and phenomena in nature, much more remains to be understood. Science will never be finished.		x	X	x		
		Many people choose science as a career and devote their entire lives to studying it. Many people derive great pleasure from doing science.		x
